

TWIST AND SHOUT

Well, shake it up, baby, now
Twist and shout
Come on, come on, come, come on, baby, now
Come on and work it on out

Well, work it on out, honey
You know you look so good
You know you got me goin' now
Just like I know you would

Well, shake it up, baby, now
Twist and shout
Come on, come on, come, come on, baby, now
Come on and work it on out

You know you twist, little girl
You know you twist so fine
Come on and twist a little closer now
And let me know that you're mine, woo

Ah...(repeat)
